## Welcome to the family Profoto A1

The A1 is every inch a Profoto light – just smaller. Its round head delivers light that’s both natural and beautiful. And it’s incredibly easy to use, with superfast recycling and a long-lasting battery, so you’ll never miss a shot. On the move, shooting on-camera or off, this is light shaping excellence everywhere.

## MEET THE TEAM

### BILL SCHWINN

Rental Department Manager

Bill has been a member of the Midwest Photo management team since 2015. He has been in the Photo Specialty industry for more than 30 years! He enjoys travel and landscape photography and uses Fuji and Nikon equipment. He always looks for ways to help people get the most from their photography as well as the best possible images.

### TJ HANSEN

Rentals Specialist

TJ has been with Midwest Photo since 2012. He has a background in audio/video, and focuses primarily on portraiture and street in his still photography. With almost ten years of experience in photo and video, TJ is always ready to help rental customers choose the best equipment for their next shoot. He shoots street photography with Fuji and Sony cameras, and also uses Canon cameras for video and portraiture.

### GRACIE BECKER

Rentals Specialist

With a BFA in photography, Gracie comes from a family of painters and has developed that passion of art through photography. She graduated from the Ohio State University for Fine Art Photography and has since loved making staged conceptual art through the lens. As far as commercial work, she enjoys event, product, and boudoir photography.

### FORREST ROBERTS

Rentals Specialist

Forrest has always been an artist. Over the years this has meant developing skills as a professional and cultivating a unique and enthusiastic appreciation of the world as he sees it. "As there is no substitution for experience I am lucky to have the good fortune to work alongside some of the most talented photographers, educators, musicians and creative teams Columbus Ohio has to offer."

The Midwest Photo Learning Studio is located in Columbus, Ohio. Midwest Photo has been helping photographers, from amateur to professional, get the right gear for 25 years. The Learning Studio is another way for photographers to expand their knowledge base and continue their education. We want you to go way beyond "Auto" modes!

***The MPEX Learning Studio offers photography related classes from beginner to advanced, covering everything from basic exposure to professional lighting.*** We limit class sizes to ensure the best learning experience possible.

#### **We offer:**

- Photo 101
- Photo 102
- Photo 103
- The Adobe Lightroom Series
- The Adobe Photoshop Series
- Better Photography Series
- The Fine Art Printing Workshop

## TRY BEFORE YOU BUY

---

Not sure if that new or used lens or camera is right for you?

With Midwest Photo's **Try Before You Buy** program, you can rent many of our sales floor items with one day of your rental applied towards purchase.

## SENSOR CLEANING

---

Sensor dust leads to spoiled photographs or frustration and time-intensive editing. Do-It-Yourself cleaning can be risky as the sensor and the glass filter that covers it are some of the most expensive parts of the camera.

Let Midwest Photo do the cleaning for you with **Same Day Sensor Cleaning Service for \$49.99.**

External lens cleaning is **\$19.99** including one filter.

## HOW TO RENT

---

We've worked hard to make the rental process as simple as possible. Our policies and requirements for renting photographic equipment can be seen on our website at [mpexrentals.com](http://mpexrentals.com) - or stop by our store and talk with any of our photographic rental professionals.

*Three Easy Ways to Reserve Photographic & Video Equipment*

1. Visit the website and submit a rental request
2. Call the rental desk directly at **614-827-9817**
3. Stop by the rental counter in the store

## ABOUT MIDWEST PHOTO RENTALS

---

Midwest Photo Rentals is the largest photography rental house in Central Ohio. You can count on us to have the camera bodies, lenses, lighting, and grip gear for all your still and video imaging needs. We take pride in providing you with professional services, including equipment consultation, sensor cleaning, and equipment delivery.
